Building bodies of impact evaluation evidence

gLOCAL Evaluation Week

WFP Office of Evaluation

June 2020
Impact Evaluation Windows:

• Coordinated portfolios of impact evaluations managed by OEV;
• Developed in partnership with WFP programme teams;
• Stimulate demand for impact evaluations in priority areas;
• Co-funded with participating country offices.
Cash-based Transfers and Gender Window: The Demand for Evidence

The potential of cash-based interventions to promote gender equality and women’s empowerment

A multi-country study
CBT and Gender Window: Questions & Measurement

- Inequalities
- Agency
- Norms/Attitudes

To what extent do CBTs contribute to, or compromise, progress towards gender equality outcomes or the empowerment of women and girls? Under what conditions?

How do programme design features mediate or mitigate the impact of CBTs on gender equality outcomes?

How does targeting women for transfers affect the impact of CBTs on outcomes such as food expenditure/human capital development, nutrition, etc?

Climate and Resilience Window

- Interest at the corporate level to develop a consolidated approach to resilience, and develop an analytical framework for resilience
- Opportunity to draw from and inform corporate efforts to develop an integrated approach
- The window benefits from and contributes to technical consultation to revisit and further elaborate definition of resilience
**Climate and Resilience Window**

- 13 country offices expressed interest to be part of the window
- 8 COs invited to the window workshop
- Planning for revisiting the initial programme plans and reassessing feasibility for IE

**What** WFP interventions are best suited for building and sustaining resilience capacities relevant to food security and nutrition outcomes?

**How** can various WFP interventions be combined, layered, or sequenced to strengthen multiple resilience-capacities?

**When** do prevention- and response- focused interventions impact the resilience of communities?
