

# EvalForward

**EvalForward** is a community of practice on **Evaluation** for **Agriculture, Food Security and Rural Development**

EvalForward is a joint initiative of the evaluation offices of FAO, IFAD, WFP and the CGIAR.

Advisory Services

Food and Agriculture Organization of the United Nations

IFAD

Investing in rural people

World Food Programme

## What is EvalForward?

- A community of practice bringing together officers and professionals to exchange experience and strengthen capacity for evaluation at country level.
- A multilingual platform for knowledge sharing, networking, resources and good practices on evaluation and on M&E.

## Who is in EvalForward?

- 1,200+ registered members from 112 countries and territories.
- People interested in evaluation and M&E from a variety of affiliations, including technical cooperation, civil society, government, academia and consultancy.
- EvalForward is open to anyone who wishes to expand their knowledge of good evaluation practices.

## Why get involved?

- Engage with peers on common evaluation and M&E challenges.
- Help to improve evaluation methods and processes based on shared experiences.
- Support the use of evaluation in national programmes and policies.
- Access opportunities and expand your professional network.
